EXPERIENCE

Frontend Retainer Consultant(Contractual)

May. 2024 – August.2024

PivotRoots

Mumbai, IN

- **Achieved exceptional website performance by leveraging JavaScript optimizations and server-side rendering in Next.js**, resulting in a fast, seamless user experience across platforms.
- **Developed dynamic, JavaScript-driven, fully mobile-responsive web applications** that enhanced user engagement and satisfaction. Collaborated with cross-functional teams to build scalable, maintainable front-end solutions, consistently delivering projects within tight deadlines.
- **Worked on refactoring and redesigning the frontend codebase**, integrating React Query and **optimizing for efficient server state management** and faster rendering.
- **Technologies :** Next JS, Javascript, SCSS , RESTFUL APIs

Software Developer - 1

Nov. 2022 – Feb 2024

ImpactGuru - No.1 Crowdfunding Platform.

Mumbai, IN

- **Led the transition of the ImpactGuru Foundation project to in-house development**, collaborating with stakeholders to define product specifications and gather requirements.
- **Developed reusable React.js components** for marketing pages, enhancing user experience , while **integrating MoEngage for precise user tracking** and building a **user activity funnel** to drive lead generation.
- Achieved 95% faster Lighthouse scores by applying React best practices (**useCallback, useMemo, React.memo**) and implementing accessibility improvements.
- **Technologies:** Javascript, React JS, jQuery, Bootstrap, SCSS, PHP

Software Developer - Intern

Aug. 2022 – Nov 2022

ImpactGuru - No.1 Crowdfunding Platform.

Mumbai, IN

- Assisted in **front-end development**, working on responsive UI components and enhancing overall **user experience and accessibility**.
- Acquired hands-on experience in HTML5, CSS3, JavaScript, SASS, and jQuery
- **Technologies:** Javascript, React JS, jQuery, Bootstrap, SCSS, PHP
