SUMMARY

Frontend Engineer with **2 years of experience** in React.js, Next.js, and modern JavaScript, building scalable, production-ready applications. Skilled in feature development, performance optimization, debugging, and responsive design. Delivered **95–100 Lighthouse scores**, contributed to real-time product updates with clients, and built platforms that improved load times by **40%**.

EXPERIENCE

Freelance - Self Employed

Nov 2024 – Present

Universal Banking Validation

Mumbai, IN

- Built and deployed a **Universal Banking Validation Platform** using **Next.js, React.js, and Material UI**, with secure document verification.
- Optimized workflows using **Formik/Yup validation, debouncing, and lazy loading**, reducing load times by **40%**.

Frontend Consultant (Contract)

May 2024 – Aug 2024

PivotRoots

Mumbai, IN

- Delivered SSR applications in **Next.js** with 95–100 Lighthouse scores using **getServerSideProps, dynamic imports, and next/image** optimization.
- Built new features and enhancements including dashboards, responsive layouts, and dynamic UI flows with **React hooks** and **Next.js routing**.
- Improved SEO and performance via **code splitting, lazy loading**, and accessibility practices.
- Partnered with clients in live sessions, rolling out **feature tweaks, bug fixes, and UI/UX improvements** with immediate deployment.
- Contributed to debugging, performance reviews, and release prep using **React DevTools, Lighthouse audits, and bundle analysis**.

Software Developer - I

Nov 2022 – Feb 2024

ImpactGuru - No.1 Crowdfunding Platform

Mumbai, IN

- Developed end-to-end features for campaign and donation flows using **React Router, Context API**, and controlled forms.
- Increased app performance by **75% using useMemo, useCallback, React.memo**, and accessibility upgrades.
- Fixed critical bugs across browsers/devices, applying **polyfills** and responsive CSS strategies.
- Collaborated with designers and backend teams to translate requirements into scalable, production-ready solutions integrated with **REST APIs**.
- Contributed to testing and deployments using **Jest, React Testing Library**, and GitHub CI.

Software Developer - Intern

Aug 2022 – Nov 2022

ImpactGuru

Mumbai, IN

- Built responsive UI components and workflows using JavaScript, SASS, and jQuery.
- Enhanced user experience and accessibility by improving forms and layouts.
